

A guide to Responsible Social Distancing for all boaters

The following pages outline current guidelines and responsibilities of what boaters should **expect** and are required to **respect** when coming to the L'Original Marina. This guide has been adapted from the Boating Ontario Association's 'A guide to Responsible Social Distancing for all boaters.

These guidelines have been put in place to protect the health and safety of our staff as well as all guests. They are subject to change and will remain in place as long as directed by our government, health care professionals and as deemed necessary by management. We encourage all boaters to regularly check government websites for current regulations.

All customers are encouraged to bring their own hand sanitizer (60% alcohol or more) and to use hand sanitizer stations around the facility.

Arrival

Self-Assessment

- If you have any symptoms such as cough, fever, shortness of breath, runny nose, or sore throat symptoms please do not enter the campground and get tested for COVID-19 immediately.
- EOHU Order 05-2020 legally obligates individuals who have a cough, fever, shortness of breath, runny nose, or sore throat (that is not related to a pre-existing illness or health condition) to be in isolation for 10 days from the start of symptoms, or until symptoms resolve, whichever takes longer.
 - o These requirements must be followed regardless of whether the individual has been tested for COVID-19.

Parking areas

- Leave space between vehicles / park in every other spot where possible
- If two vehicles arrive at the same moment and park beside each other one vehicle / family waits in their vehicle while the first to arrive unloads and moves from their vehicle to their boat

Gated area

- It is mandatory to disinfect your hands before entering the gated area. A sanitization station is available upon entry.
- Wash your hands often and it is strongly recommended that you always have hand sanitizer on your boat.

Route from vehicle to boat

- Proceed directly to your boat fully respecting Social Distancing

Loading/Unloading

- Dock carts will not be available. Staff are currently unable to assist with loading/unloading of vehicles and boats. We suggest packing bags and bins accordingly

Launch

- When launching your boat, please move your vehicle to the parking area once boat is launched and move your boat off the launch ramp docks immediately to allow the next boater to use the facility.

Marina Life

Picnic areas

- All will remain closed following the guidelines set forth by the Ontario government. As our situation evolves some facilities will be opened under capacity limitations and provincial directives.

Washrooms

- Boaters are encouraged to use onboard facilities as much as possible.
- Washrooms will have one stall open as posted; they will be closed for cleaning frequently by staff

Showers

- Boaters are encouraged to use onboard facilities as much as possible.
- One shower will be available as posted; shower will be closed for cleaning frequently by staff.

Marina services

Marina office

- Entering the marina office is not permitted. Our team will be available to discuss your needs – from a socially responsible distance and assist you with your purchases.
- Seasonal payments should be done by telephone (613-678-36010) as much as possible to limit the amount of transactions done on site.

Transactions

- Only credit/debit cards will be accepted for payment.
- Our credit/debit machine will be regularly sanitized, please use Q tips if available to enter personal details.
- We will be discouraging cash transactions at this time.

Fuel Dock

- As per the Technical Standards & Safety Authority (TSSA), only marina staff are permitted to fill a vessel and all non-staff must be off the boat before fueling can begin. Boaters are to move away from the boat to allow safe social distancing for our fuel dock attendants.
- To limit the number of boats and therefore the number of people on the docks, only one boat at a time will be allowed at the fuel dock.

Pump out services

- Pump outs will still be available. Marina staff are to use their keys to remove and replace the waste cap and will be the only ones handling the pump out process, except for flushing water onboard. Our staff will be wearing personal protective equipment during the procedure.
- To limit the number of boats and therefore the number of people on a dock, we will only be allowing one boat per service dock.

On & around the docks

Guests

- No guests will be allowed past the gated area at this time. Only seasonal clients and members of their household will be permitted access.

Food & drink

- All food and drink are to be consumed on your boat only. Eating or drinking on the marina property or anywhere on the docks will not be permitted.

Barbecues

- Boaters are encouraged to use onboard cooking facilities
- Barbecues will not be provided or permitted.

Social gatherings

- Gatherings are not to take place on the docks, walkways, or elsewhere on the marina property.

We encourage all boaters to respect social distancing at all moments on the property and on the water. Only go boating with those in your immediate household. Sanitizing options are located throughout our property and we encourage all boaters to wash their hands / hand sanitize frequently.

Please be mindful while you are out boating – rafting multiple boats together is not recommended.

We look forward to serving you and your family and to safely continuing to take care of all your boating needs.
